**WHAT IS HIDDEN IN YOUR SHED, ATTIC ROOF SPACE OR UNDER THE BED? DOES IT RELATE TO CLAREMONT YACHT CLUB?**

*We are looking for any items which are connected to Claremont Yacht Club that you may have hidden in your study, in those cardboard boxes in the shed or roof space or even under the bed, anywhere really. In particular old Prize Night programs, old Opening Day programs, photos of yachts past and present. Any information or memorabilia and notes from days gone by. The Archive team are searching for anything connected to CYC to improve our records and history of the Club. Should you have something that is more personal but you would prefer to keep the original then a copy would be great. If you have something that may be of interest please leave it at the reception desk with a note saying "For Archives" and your name on it (so we can thank you) so that either Sylvia Boykett, Lynn Cook or myself (Wilma Poland) can collect it. If you are not sure about something you have please call me on 0407 089 016. Your help is greatly appreciated and your grandchildren, in years to come, will thank you too!*

*Regards*
