

KYLIE CUP REPORT

On Sunday, Royal Freshwater Bay Yacht Club hosted their annual Kylie Cup for Power Boat time trialers.

Starting on the river at 9.30 am we couldn't have asked for better conditions, the weather was sensational.

Unfortunately we only had 6 starters from Claremont, but overall there were 26 boats from all clubs around the river.

It was terrific to see Utopia, skippered by Justin Congdon coming second overall with a loss of only 8 points. We were led to believe that his Navigator, Dave Bovell was also there in spirit.

After the event we sailed over on Utopia to Freshie for some drinks and also for the overall results, thanks again to Justin for taking us over.

Freshie also put on a Pig on a Spit for all competitors free of charge and it was a brilliant afternoon in their beer garden overlooking the river.

We then retired back to the Deepdene bar at the club where good and hard luck stories were told.

Thanks again for those that attended and competed.

The next event is Saturday week, the 8th of September where we will be having 2 State Events, the first will be starting at 11am and the second will be commencing at 1pm. The reason being the 3rd state heat was cancelled due to bad weather.

Those interested in competing please contact the office.

Paul Hodgson
Rear Commodore Power
