

CYC ON THE WATER VISITING OTHER CLUBS

On Saturday 27 October I attended the opening day for the Mandurah Offshore Fishing and Sailing Club on behalf our Commodore.

Whilst being part of the General Committee can be time consuming; attending other Clubs events is a great way to expand our knowledge of how other Clubs run whilst building some fantastic bonds with like-minded people.

The Commodore MOFSC, Robert Brown, in the photo with my wife Sarah and myself, made us feel very welcome.

We spent time in the clubhouse and also out on VIP boats enjoying the day's sailing.

For any Members that feel that they could contribute to our Club, please contact the office for either the Commodore or my details.
