

SANTA RETURNS TO CLAREMONT YACHT CLUB

It was the week before Christmas at the Christmas Buffet when Members and guests worked their way through a mountain of prawns and buckets of oysters. Diners went on to enjoy the traditional ham and turkey with all the trimmings. Then, just when everybody was thinking of sitting back with Christmas pudding and pavlova, Saint Nick slipped into the room to hand out some cheer.

No children were in evidence until Santa appeared, then miraculously, kids were swarming around for the second time in a week. Within a moment, all of the children had become Santa's little helpers and were helping to hand out the Christmas cheer to everybody.

All of members and guests who attended declared it a jolly fine night and thoroughly enjoyed their evening. Thanks again to F&B manager Damon, Chef Aaron and their staff for their efforts toward the success of the night. Finally, thanks to Saint Nick with the gold chains.
