

POWER TIME TRIALLING STATE HEATS PRESENTATION NIGHT

Friday night CPYC held the presentation night for the 2019 Power Time Trialling State Heats. It was held at SoPYC and it was a fun, enjoyable night.

Firstly, awards were given out for the re run of the second state heat and for the fifth and final heat. Rob and Myra Ryan aboard Alexandra took both 1st place in consistency for both events which was a massive effort.

Finally the yearly awards were given out and Darren Chatfield (*our newly elected Commodore*) aboard Spectrum was awarded best first year skipper. A terrific achievement not won by many at CYC before. A special mention to Sarah for her fine navigating during the year.

Rob and Myra Ryan then took out first place for State Consistency and they won by a country mile. You can now always call yourself a state champion, well done.

Overall CYC came second in the teams and club championship, next year we will give the champions, SoPYC a really good shake.

Another big thank you to David Bovell and Corica Pastries for his sensational sponsorship throughout the year and for the presentation night.

Finally, thanks to all our Members who competed throughout the year and to our volunteer check pointers for their assistance, overall it was another successful year for the Club.

Regards

Paul Hodgson
Vice Commodore
